MY PETITION
FOR REDRESS OF GRIEVANCES TO
THE HOUSE OF REPRESENTATIVES
OF THE UNITED STATES OF AMERICA

RE: The embezzling and violation of The Federal Reserve System's non-profit status.

Dear United States House of Representatives,

The Federal Reserve System (TFRS) is a privately owned non-profit corporation. It is not part of the US Treasury nor is it part of any other official US government agency.

You are allowing trillions of our US dollars to be directly distributed by TFRS to unidentified foreign and domestic entities. This is not the same money loaned to congress that we are taxed for. Its additional money created and distributed without your knowledge and oversight. Former Florida Congressman Alan Grayson has participated in hearings proving this.

All US dollars created by TFRS is profit that belongs to the United States Treasury. TFRS is supposed to be retaining only their operating expenses. They are only returning to the US Treasury a small portion of the interest they charge. They keep the principal trillions plus most of the interest they charge. Is it any wonder why foreign and domestic enemies of the US are so heavily financed?

As long as you allow this to happen, we can never get out of debt and feel protected from our heavily financed enemies. Please stop them from turning our US dollars into **debt for the taxpayer** instead of what it's supposed to be; **profit for the treasury, not profit for our enemies.**

Please do your job and force TFRS to return all assets over to the treasury. You then need to have the US Treasury return all assets to the US taxpayers.

Sincerely,
